

Mass Save Great Appliance Exchange

Dear Princeton Residents,

Take advantage of the "Mass Save Great Appliance Exchange". The American Recovery and Reinvestment Act (ARRA) allocated \$6.2 million to Massachusetts to administer an Energy Efficient Appliance Rebate Program to spur household energy savings by taking high energy consuming home appliances out of commission and replacing them with qualified ENERGY STAR models.

Rebates, ranging from \$50-\$250, will be available for a limited time only, starting on Earth Day, April 22, 2010 and running through May 5, 2010; reservations must be placed and appliances must be purchased during this time.

Qualified Appliances	Mass Save Rebate	PMLD Rebate	Total Rebate
CEE Tier 2 Clothes Washers	\$175.00	\$50.00	\$225.00
CEE Tier 1 Dishwashers	\$250.00	\$50.00	\$300.00
CEE Tier 2 Refrigerators	\$200.00	\$50.00	\$250.00
ES Freezers	\$50	na	\$50.00

Please check the "Mass Save" website at www.masssave.com/GAX to learn how to participate. The web site will include a list of eligible appliance models and details of the rebate program.

Consumers must make an advance reservation at www.masssave.com/GAX, on **April 22, 2010** to receive a reservation number and rebate form. Eligible consumers will also be required to turn in their inefficient appliances.

You may use this federally funded rebate program in conjunction with PMLD's energy efficient appliance rebate (www.pml.com) of \$50.00 to further help reduce the cost of replacing your inefficient refrigerators, clothes washers and dishwashers.
